Project

Car Rental Website

- Made a responsive rental system with search and pricing flow.
- Designed screens for booking, feedback and vehicle selection

Makeup & Beauty Website (Sephora style)

- Created modern, minimal UI for makeup products.
- Highlighted product images and simple purchase flow.

Cashback Card Landing Page

- Clean landing page design for the ICEBACK credit card. High lights double cashback and climate-support benefits. Includes a simple monthly cashback calculator.
- Shows user impact with "You've Helped Birds" tracker.
- Straight, easy flow explaining how the card works.
- Focus on clarity, trust, and quick user action.

Food Delivery App (UI/UX)

- Built a user-friendly interface for ordering food with live tracking.
- Focused on smooth navigation and clear placement of actions.
